Digital Ultra-Precision Machining

ZION Co., Ltd.

Company Profile

"Let's create products that anyone can easily use."
This is a phrase I often repeat to myself like a habit.

We strive to make products that are so safe
that anyone can use them without concern,
and so convenient that anyone can use them with ease.

Safety and convenience—these may be small words,
but they carry great meaning.
We have done our best to uphold this belief.

For our customers, we offer convenience.
For patients, we aim to provide safe
and reliable results through our technology.
Zion Co., Ltd. will continue to grow
and improve together with you.

We kindly ask for your continued trust and support.

CEO Message

CEO Greeting

"Let us create products anyone can use with ease."
This is a belief I return to every day.

We strive to make products that are safe for everyone
and convenient for anyone to use.
Safety and ease of use are simple but meaningful goals.
We have always worked to uphold these values.

We aim to bring convenience to our customers
and safe treatment outcomes to their patients.
ZION will keep improving and growing with you.

Thank you for your continued trust and support.

Min-Gu Jang, CEO | ZION Co., Ltd.
